

What They See Around Them

Kids' sites feature Colbert.
His shtick: poker-faced
depictions of inane Right,

their Patriotism miraculously
compatible with Profit.
(Would Jesus, tipped, clean up

on hot defense stocks?)
Some other stereotyped
characters lie with-

in his repertoire. Most
especially pussy re-
porters, miscellaneous

courtiers like the nervous
Osric. Flitting so to please,

Hamlet mused he begged per-
mission of the Mama's tit.

Why do youngsters like
such vile display? Easy.

Shows adults complete-
ly full of shit. But

a meat-ax! Brutal
to the 10% who aren't.
